Safeguarding

What is 'safeguarding'?

Safeguarding means keeping children safe from harm and ensuring they feel safe, supported, and cared for at school.

At Ysgol Deganwy we are committed to creating a safe, supportive environment where all children feel secure, valued, and listened to.

What happens if there is a concern?

If a member of staff has a concern about a child's safety or wellbeing, they must report it immediately to one of our Designated Safeguarding Persons. We will then take appropriate action, which may include working with parents or external agencies to ensure the child is safe.

We use a secure system called CPOMS to record and monitor any safeguarding concerns, helping us ensure children receive the right support quickly.

We follow Conwy Local Authority and Welsh Government safeguarding guidance and ensure all staff receive regular training.

Who is responsible for safeguarding?

Safeguarding is everyone's responsibility. All staff are trained to recognise and respond to any concerns about a child's safety or wellbeing.

We have trained Designated Safeguarding Persons (DSPs) who are responsible for managing safeguarding concerns and ensuring children receive the support they need.

Where does 'safeguarding' happen?

Safeguarding includes protecting children from harm and ensuring their safety while on the school site and during school activities in addition to any concerns raised. This means ensuring safety on the school site and during school visits and trips.

What can I do if I have a concern?

If you have any concerns about a child's safety or wellbeing, please contact the school and ask to speak to one of our Designated Safeguarding Persons.
